## Description

### Affordable New Villa

This cozy three-bedroom villa is currently under construction. It will come with full warranties and buyers still have time to make changes.

Conveniently located in a quiet area just 3k from stunning Nai Thon Beach.

The developer has multiple years of experience within the villa industry and is now introducing a unique Balinese and Thai-inspired design. This concept will be the first in Phuket of its kind.

These blended design elements were carefully created to represent a fresh and tropical feel. This combined design concept creates a warm, modern, and luxurious feel throughout the interior as well as the exterior, visible with the inclusion of large glass sliding doors, allowing for as much natural light to enter the villa, as well as the functionality of having glass doors to open up the rooms.

The living room offers an open-plan concept with the option to have fully fitted kitchens suitable for all to enjoy and especially those who like the idea of entertaining in their home.

The interior provides cool colors with earth tones that offer that chic image while creating the feeling of relaxation and comfort. This theme is present throughout each villa as well as in the large bedrooms, which make each room seem even larger with a minimalist and clean finish.

High-quality finishes and materials are used to ensure the highest western standards are met. Bathrooms are completed with large showers and create a light and airy feeling.

Each villa comes with its own private pool adjacent to the master bedroom, which also has its own private access from the master bedroom and living room, with each room having views out towards the pool.

Three-bedroom villas start at 8.5M THB.

Furniture packages available for 900,000 THB.
