Description

Luxury Beachfront Pool Villas for Sale at Baba Beach Club Natai – Phang Nga

Discover an exceptional beachfront lifestyle at Baba Beach Club Natai, an exclusive luxury residential development located along the beautiful shores of Natai Beach, just north of Phuket. Developed by Charn Issara and managed by the renowned Sri panwa hospitality team, this distinctive property combines private villa ownership with the comfort, convenience, and services of a luxury beachfront resort.

Set within approximately 42 rai of tropical grounds, Baba Beach Club Natai enjoys a remarkable position along one of the region's most peaceful stretches of coastline. Its contemporary tropical architecture blends traditional Phuket Chino-Portuguese influences with the sophisticated colors and character of Shanghai Tang, creating a distinctive residential environment that feels both elegant and relaxed.

The development features a collection of two-bedroom luxury pool villas and spacious five-bedroom beachfront residences. Designed to maximize privacy and indoor-outdoor living, the villas offer generous living and dining areas, private swimming pools, beautifully landscaped surroundings, and inviting spaces for entertaining. The five-bedroom beachfront residences provide an especially impressive setting, with expansive interiors, private gardens, and direct access to the Andaman Sea.

Interiors reflect Sri panwa's signature tropical contemporary style, combining quality furnishings, natural materials, and thoughtful architectural details. The residences are designed for comfortable extended stays as well as memorable holidays, with fully furnished accommodation, contemporary kitchens, comfortable bedrooms, and stylish bathrooms that complement the surrounding coastal environment.

Ownership at Baba Beach Club Natai offers more than an individual villa. Residents can enjoy access to the resort's hospitality facilities, including beachfront restaurants, a beach club, fitness facilities, swimming pools, spa services, and professional concierge assistance. The established resort environment creates an attractive balance between private residential living and the convenience of luxury hotel services.

For buyers interested in investment potential, the development has offered professionally managed rental opportunities through the Sri panwa hospitality operation. Published rental arrangements have included owner-use privileges and revenue-sharing benefits, subject to the applicable agreement. This provides an opportunity to combine personal enjoyment of a beachfront residence with potential rental income when the property is not being used privately.

The location is another significant advantage. Natai Beach is known for its natural beauty, uncrowded shoreline, and relaxed atmosphere, offering a quieter alternative to Phuket's busier west coast destinations. Phuket International Airport is approximately 20 minutes away, while golf

courses, marinas, international dining, and the wider attractions of Phuket and Phang Nga remain conveniently accessible.
