Description

Botanica Foresta Villas for Sale

This new estate, developed by AAP Architecture, showcases their expertise in designing Botanica private homes in Phuket for more than twelve years.

As part of their latest phase, these villas feature a contemporary design that revolves around natural stone-tiled swimming pools, creating a luxurious and refreshing focal point.

The villas offer a free-flowing open floorplan, complemented by a vaulted ceiling and sliding glass doors, allowing for ample natural light and a seamless connection between indoor and outdoor spaces.

To enhance the outdoor living experience, the eave of the villa extends to create an additional lounge or dining area on the terrace, supported by tall and impressive pillars, providing a perfect spot to enjoy the idyllic ambiance.

These Phuket villas are available for purchase as either freehold or leasehold properties, and all homes are situated on Chanote titled land, ensuring secure ownership.

To receive a brochure, master plan, floor plans, current price letter, etc. Fill out an inquiry form to receive all materials and additional information.

Showroom: Available now for inspections.

Buyers will also benefit from a flexible payment plan, which is provided during the construction phase, accommodating their financial preferences.

Overall, these villas offer a harmonious blend of stylish design, seamless indoor-outdoor living, and attractive ownership options, making them an excellent choice for those seeking a sophisticated and comfortable living experience in Phuket.
