Custom Built Luxury Waterfront Villas

Legacy living at Cape Yamu offers the opportunity to create a lasting legacy of cherished memories and a purpose-driven life.

Located in one of Phuket's most breathtaking seascapes, Cape Yamu offers panoramic views of both sunrise and sunset.

To the east, the view extends from the islands of Koh Yao to Koh Naka, stretching towards the horizon and including Phi Phi island. To the south, Coconut Island and Phuket Town can be seen, complemented by the remarkable Phang Nga Bay, a UNESCO World Heritage site.

The Headlands at Cape Yamu presents investors with a chance to own a secluded and luxurious waterside home on the last remaining piece of the estate in this remarkable location.

Situated on the tip of Cape Yamu, the Headland estate comprises seven exclusive villas perched high above the surrounding land and seascapes. Each villa is spacious and can be custom-built to suit the buyer's preferences, offering up to six bedrooms, a large infinity pool, and panoramic decks.

The estate's master layout plan prioritizes comfort, privacy, and security for residents, while also incorporating unique common areas that provide convenient services supporting a healthy tropical lifestyle.

Spanning over 10 acres, each property occupies a substantial plot, designed to maximize enjoyment of the stunning surroundings while ensuring privacy.

Every villa will be unique and tailored to the owner's preferences, ensuring a personalized living experience.

To truly appreciate the beauty and potential of these villas, a personal inspection is highly recommended.
