Building Size	sqm
Type	land

## Description

Phuket Land for Sale

This sea view land plot has a "Chanote" title and ocean views from every level of this sloping hillside plot. The land has a rather gentle slope to the sea view and would be quite easy to construct on.

This land is appropriate for the construction of residential buildings, hotels, etc. Alternatively, an individual could simply build a private luxury villa and have an immense gated estate.

Mai Khao beach land is increasing in price quickly as this is an up-and-coming area, and it's an intelligent place to make an investment early. It is still very tranquil and undeveloped.

This land plot delivers great sunsets over the Andaman sea. This Mai Khao sea view land has direct road access on a new asphalt street.

Land is 53M above sea level.

This Mai Khao beach land plot is 6 Rai and 97 Wah so just shy of 10,000 sqm.

The location is near 3034, the district is Thalang, the village is Mai Khao, the province of Phuket Thailand.

The asking price for the plot is 7M baht per Rai.
