Balinese-style dwellings are designed with biophilic elements that blur the line between the curated and natural world, while bioclimatic architectural features optimize natural light, ventilation, and thermal comfort.

Our community is designed to promote physical activity, social growth, and a healthy lifestyle. With ample public spaces for exercise, workshops, and commerce, you'll discover a community of like-minded individuals who challenge each other to live their best lives.

Now let's explore our villas, each thoughtfully designed to meet your needs. Our Type A villa is modest yet stunning, boasting a covered parking area for two vehicles that leads you through the foyer and into the heart of any home - the kitchen. The open floor plan seamlessly flows into the dining and living areas, with towering windows on both sides to let in natural light. The first floor features a master bedroom with a luxurious en suite bath, a swimming pool, sundeck, and garden, as well as a convenient bathroom hidden behind the kitchen. Upstairs, you'll find two more bedrooms with en suite baths.

For families or those who desire more space, our Type B villa adds approximately 40sq.m and features a slightly different floor plan than the Type A. The main entrance leads through the saltwater pool and tropical garden, where you can relax on the sundeck and enjoy outdoor meals in the dining sala with a gas barbecue. The open floor plan flows past the kitchen island to the dining and living areas under a high vaulted ceiling, with glass walls on both sides that open fully to let in island breezes. The first floor also features a bedroom with an en suite bath and an expansive master bedroom with a luxurious bath. Upstairs, you'll find two more bedrooms with en suite baths and an additional central room that can be used as an additional living room, kid's space, or multipurpose room.

Our Type C villa offers even more space to live your best life and entertain guests. With parking for three, an attached storage room, a bigger pool with its own plunge pool, an additional Thai-style kitchen, and maid's quarters, this villa is perfect for those who desire more amenities. The poolside dining and barbecue area is increased to accommodate more guests, while the master bedroom features a cavernous walk-in closet and spa-like bathroom. The second floor boasts three additional bedrooms, each with an en suite bath and closet storage, as well as a multipurpose room.

Lastly, our Type D villa is the pinnacle of luxury with a total built area of 778sq.m. The central outdoor area surrounds the centerpiece 13.4m-long saltwater pool, barbecue and outdoor dining, and generous garden areas. This villa features a fitness room, sauna, two master bedrooms with their own living rooms and balconies, three additional bedrooms with en suite bathrooms, and ample storage.
