Description

Botanica Lakeside Villa for Sale

This new estate, designed by AAP Architecture, brings over twelve years of experience in developing private homes in Phuket.

The latest phase of the project features villas situated around a serene natural lake, creating a tranquil and peaceful atmosphere.

One of the standout features of this villa is its stone-tiled swimming pool, adding to the aesthetics and relaxation factor.

The villa boasts a free-flowing open floorplan, enhanced by a vaulted ceiling and concertina glass doors. The transom windows above these doors bring in additional light and add an elegant touch to the main area of the home. This design is exclusive to Botanica and AAP.

To fully embrace the idyllic outdoor ambiance, the eave of the villa extends to create an additional lounge or dining area on the terrace, supported by tall and striking pillars.

These villas provide a seamless transition from indoor to outdoor living spaces, allowing residents to enjoy the best of both worlds.

The Botanica lakeside villas are available for sale as either freehold or leasehold properties, all located on Chanote titled land, ensuring secure ownership.

Flexible payment plans are offered during the construction process, and buyers have the opportunity to customize their homes according to their preferences.

The estate offers various villa models, including 3-bedroom and 5-bedroom options, with prices starting at 24M THB for the 3-bedroom model.

To receive more detailed information and the price letter, please use the inquiry form provided. This property is highly recommended for viewing as it truly stands out.
