Description

Thailand Property

Affordable Land for sale on beautiful Phuket Island. These two Thailand property land plots can be purchased individually or together.

The land plot measurement is 1.5 Rai combined and 0.75 Rai each. The land plots are located in the quiet village of Yamu which is on the Eastern side of Phuket Thailand.

Yamu is still within easy reach of shopping and restaurants. Phuket enjoys modern shopping centers comparable to shopping centers found in the U.S. and Europe.

Electricity poles run halfway up the 'Soi' where the land plots are located. This is an Or Bor Tor road, which runs up to and alongside the plots. It has been concreted halfway (to the last house) and has a hardcore base for the remainder.

If properties are built on the plots then the Or Bor Tor should concrete the remainder. Not certain if government water reaches this land plot so a water well would probably be needed.

The current landowners are open to all sensible offers from buyers. Special terms are available, upon request.

Priced at 2,950,00 baht for 1,200 SQm.
