Description

Studio Condominium for Sale

This studio condominium for sale is part of a well-known local developer's third Phuket condominium development. The architecture of the building is striking and unique, setting it apart from other structures in the area. With its modern design and abundant use of glass, the building maximizes natural light and offers stunning views.

One of the key advantages of this studio condominium is its attractive pricing, making it one of the best-priced units available within walking distance to Kamala Beach. The property is situated on a spacious 2 Rai plot of land, and the project's layout and design have been carefully planned to optimize the available space and provide convenient living options.

The interior design of the studio condominium follows a Scandinavian style, incorporating the neutral colors and casual aged appearance inspired by the landscapes of Sweden, Norway, and Denmark. This design approach creates a tranquil and soothing atmosphere both inside the unit and in the surrounding environment.

Residents will have easy access to their floors via elevators, ensuring privacy within the building. Furthermore, this new Phuket condo is offered fully furnished, providing a hassle-free move-in experience for the buyer.

If you have any further questions or require additional information about the studio condominium or the development, feel free to ask.
